Record Attends Special Navy Tour

When Lieutenant Irene Williamson, WAVE recruiting officer for the Twelfth Naval district, stated that the best recruiters for the WAVES are Navy men who have been in the service long enough to know what the Navy is

Lieutenant Williamson

all about and who have worked at shore bases with WAVES enough to know what they are like, she was not far from "dead right."

Saturday, The Record was represented at a tour of Naval activities in the San Francisco Bay area. The trip had been arranged by the Office of Naval Officer Procurement for the newspaper publishers of Northern California, to give them a better appreciation of the variety and scope of the work being performed in this area by the men and women of the Navy. At every point, Mare Island, Treasure Island, and the Alameda Naval Air station, the officers in charge spoke highly of the WAVES and stressed the Navy's need for more of them.

WAVES in this area have taken over more than a hundred different types of jobs, freeing men for combat duty. Any Daly City girl contemplating how she may more directly aid in the winning of the war should not overlook the WAVES. A splendid program of training awaits recruits. Enlisted WAVES in San Francisco have their home at the Western Women's club which was taken over by the Navy for barracks.

Although practically everything viewed on Saturday's tour came under the heading of "undesirable to publicize for security reasons" it is safe to say that the inspection could call for nothing but confidence, faith, and pride in the U. S. Navy.

Memorial Day Will Be Holiday

Memorial Day, May 30, will be observed in Daly City with the closing of all city offices (except the police department), public and parochial schools, the Daly City postoffice, Daly City branch, Bank of America, and many offices and stores.

Memorial Day is set aside annually to honor the soldier dead of the United States, men lost in the Mexican war, the Civil war, the Spanish-American war, and World Wars I and II.

Lions Club Holds Successful Ladies Night

Members and friends of the Daly City-Colma Lions club attended a Ladies' Night dinner and program at Colonial Dining Room, Junipero Serra boulevard, Wednesday evening, May 17. Special entertainment was provided by Bob Offenbacher, "The Mad Trickster."

At the Wednesday, June 7, meeting of the club, election of officers will be held. Nominations were made, May 17, at the regular weekly luncheon meeting.

Recently taking membership in the club was E. E. "Red" Keithley, well-known local merchant.

NEWS OF OUR MEN and WOMEN IN UNIFORM

Above is a picture of Corporal **Richard L. Viele,** 132 Los Olivos avenue. He is overseas, somewhere in the South Pacific.

In a recent "Chin-Up Girls" feature run in "The Redlander," newspaper published for men of this area, Viele selected his sister, a pupil at Woodrow Wilson school. Among the glamorous-looking grown-up girls pictured in the issue, little Miss Viele, hair-ribboned and sweet, stood her own nicely.

Viele stated in sending the picture to the paper that his little sister "rated a front page in any man's heart."

Pictured above is **Maurice N. Cohn,** son of Mrs. George Dewey, 63 Risel avenue. He recently completed his pilot training at Douglas Army Air field, Arizona, where he was commissioned a second lieutenant.

From "somewhere in Italy" **Miles Butcher,** machinist second class, U. S. Navy, sent a letter to The Record telling why he enjoyed it so much now that he is far from familiar scenes.

He reports that in the 14 months he has been overseas he has met only one other Daly City serviceman, **Bob Crooker.**

"We had a couple of liberties together and also went to the Arab Bowl together," he stated.

He closed by saying, "I enjoy your column, 'News of Men and Women in Uniform' most. Thanks a million for your paper."

Just a few weeks ago we ran an item about Bob Baker, former Record reporter, being in England. Now comes word from **Mel Dykman,** another former employee. He's further away yet—China, to be as specific as one can be. It's Corporal Dykman now and he's with a fighter squadron ground crew.

Last time, Mel wrote The Record, he was in Africa. He says, "Since then I've seen quite a bit of the world—India and then to China. When I arrived there I received my first mail in five months. We sure were a happy gang!

"We receive very little news of what is going on in the world. When the radio is working—that is very seldom—we get a little

Local Draft Board Gets New Order

Mrs. Isabelle Flynn, chief clerk, has received instructions from State Selective Service headquarters that Daly City Draft Board No. 103 is not to induct or call for preinduction physical examinations men who are 26 or over. This new procedure is in line with the sweeping national program for selective service announced, last week, which will virtually bring to a standstill the induction of fathers and older men engaged in essential industry.

Board No. 103 has been requested to supply 50 men for the U. S. Army, June 19, and another twelve for June 28.

Next preinduction physical will be held, May 29, and 75 are specified by the armed forces. Before the new lower age limits were established a preinduction physical for 132 men from this area had been scheduled for May 31 but it is doubtful that both May 29 and May 31 quotas can be met. Headquarters has advised the board to meet the first request and ignore the later call, if necessary.

D. C. Boys Like Saturday Program

Daly City boys are taking full advantage of the Saturday recreation programs of baseball and other sports at Marchbank park, according to Director Charles Norry, who reports an attendance of about 120 for last week.

Teams comprising Daly City boys won from the Holy Angels church squad, 12 to 8; tied the Mission Boys, 1 to 1; and defeated Bayview, 8 to 2.

The regular Sunday morning and afternoon contests were called off because of rain, which began as teams started warming up for the first game.

In features for Sunday, May 21, the Daly City Juniors meet the Royal Tallow club, at 11 a. m., and the Longshoremen go up against the Simmons team at 2:30 p. m.

School Board Elections, May 19

Tomorrow, Friday, May 19, Daly City residents will select a trustee for the Jefferson Union High School district and a trustee for the Jefferson Elementary School district. Polls here will be open from 6 a. m. to 7 p. m. at Jefferson grammar, Woodrow Wilson, and Crocker schools. In the high school district, balloting will also take place at Rockaway Beach, Sharp Park, Bayshore, and Brisbane.

Remi Sanders, incumbent, is opposed by Fred Bertetta in the high school contest. For elementary district trustee George R. Augustien, incumbent, is opposed by Mrs. Hazel Marsh, a write-in candidate.

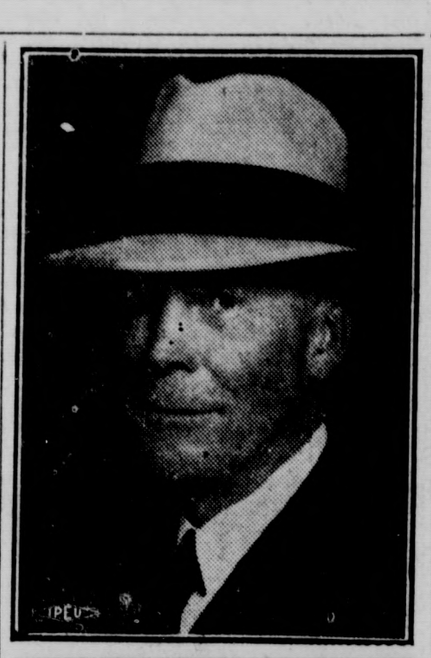
Full details on all the candidates were presented in last week's Record.

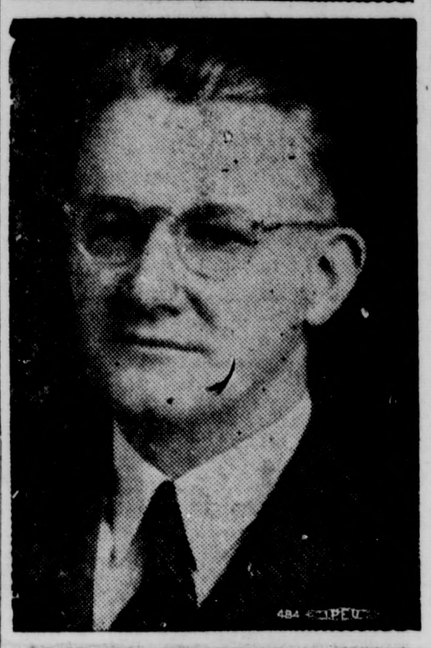
Plan To Have Supervised Play

Meeting at the city hall, Friday night, May 12, the Daly City Recreation committee made plans for the summer season. Although details have not been fully worked out, supervised play will be provided for youngsters of the community at Lincoln park during the vacation period.

In addition, the city will fix up No. 5 firehouse, Oliver street and Bellevue avenue, for Girl Scout and Brownie use.

Councilman Eugene V. Lynch presided at the Friday night meeting of the committee.





In the San Mateo county contests, Judge Maxwell McNutt, top, was returned to the bench for another term. Dr. O'Neill and Henry W. Edmonds, middle and last picture respectively, will oppose each other at the November general election for the post of county supervisor, Third district.

News From Daly City Police Department

News from the Daly City Police department records, for the past several days, is of the "nothing very exciting" kind.

May 10 at 11:25 p. m. Sergeant Ricco Benedetti, Officer Henry Sundermann jr., and J. T. Rice of the Shore Patrol, answered a call from Hilltop lodge to stop a fight going on there. Upon arrival they found that the two sailors involved had left and were reported to be at Central Creamery. Following the pair there, the officers called them outside to discuss the trouble. George Thompson, one of the troublesome duo, punched Sergeant Benedetti, whereupon he and his companion, Samuel Morris were jailed. The next morning they were released to the Shore Patrol.

May 11, Officers Sundermann and August Benassini broke up a fight among three sailors in front of 6564 Mission street. The boys were turned over to the Shore Patrol, at 11:30 p. m.

Present Daly City, SM County Returns

In Tuesday's first war-time consolidated primary election, 2,723 Daly City voters went to the polls to cast their ballots. Unlike San Mateo county as a whole, Daly City gave Gilbert D. Ferrell the edge over Incumbent Maxwell McNutt for Superior Court Judge, Department No. 1. Final check with the county clerk's office, Wednesday, revealed that McNutt had been returned to office. He received 17,319 votes in the county to Ferrell's 16,225.

Only contest for the county board of supervisors was in the Third district. Dr. Arthur E. O'Neill led the four opponents with 9,656 votes. Henry W. Edmonds received 8,857; Fletcher, 6,722; George J. Alvis, 3,706. A runoff at the November general election will be necessary between O'Neill and Edmonds. For First district, Thomas Hickey, incumbent was unopposed, as was Alvin S. Hatch, incumbent, in the Fourth district.

In San Mateo county, United States Congressman John Z. Anderson received 12,029 Republican and 7,426 Democratic votes. His opponent, Arthur L. Johnson had 3,249 Republican and 8,926 Democratic votes. In the Eighth Congressional district as a whole returns were not complete, Wednesday, but indications were that there would be a November runoff between the two men.

San Mateo county, like the state as a whole, gave the Republican nomination to Frederick F. Houser for United States Senator, while the incumbent, Sheridan Downey had the Democratic nomination. In the county, Houser received 5,927 Republican and 2,461 Democratic votes, while Downey had 2,362 Republican and 8,523 Democratic votes.

A tabulation of how Daly City itself voted, in the superior judgeship and Third district supervisorial contests is given below:

FOR JUDGE
Maxwell McNutt, incumbent, 1,125
Gilbert D. Ferrell, 1,414

FOR SUPERVISOR
George J. Alvis, 335
Henry W. Edmonds, 460
Evans A. Fletcher, 562
Arthur E. O'Neill, 741

There was a contest in the First district, of which Daly City is a part, for membership on the Republican County Central committee. Four were to be chosen and here's how the votes in the First district were cast:

George E. Smith, 1,378
Leon Bricbeque, 625
Joseph Sarto, 1,306
Glenn Baker, 1,437
William Degliantoni, 712
Thomas J. Callan, 1,158
C. J. Pettigrew, 961

The four members on the committee from First district will be Smith, Sarto, Baker, and Callan.

Will Send Two To Boys' State

Two boys from Jefferson Union high school will attend Boys' State at North Sacramento, this year, sponsored by Daly City Post No. 410, American Legion, and Brisbane Post No. 473, American Legion. They are Kenneth G. Hatt, 535 San Diego avenue, a senior, and Robert Clair Olson, 167 Miriam street, a junior. Daly City post is sending Hatt, while Brisbane post is Olson's sponsor.

Chairman for Boys' State for the local post is A. G. K. Jakobsen, who made the announcement of the selection, this week. He is also chairman on the same matter for the Forty and Eight society of San Mateo, which is sending a boy from Pescadero to the event.

Boys' State will be held, June 26 to 29, inclusive, at Grant Union high school and junior college, North Sacramento.

High School PTA Hostess To Two Other Units May 11

Jefferson Union High School P. T. A. was hostess to Woodrow Wilson P. T. A. and San Pedro P. T. A., Sharp Park, at triple installation ceremonies and a mothers' tea and fashion show, Thursday, May 11, at the local high school.

Before the installation a short business meeting was held with Mrs. Ida Hanley, high school unit, presiding. Mrs. Hilda Heagney led the salute to the flag and Mrs. Elsie Hesselein read the Collect. A welcoming address was given by Principal James Ferguson.

Delegates appointed to represent the high school unit at the district installation, May 18, were Mrs. Martha Linden and Mrs. Ida Forest. Jefferson Union High School P. T. A. is hostess organization at the Daly City Servicemen's club, this week.

Among the honored guests at the May 11 event were Mrs. Stella Jensen, past president of Seventeenth district; Mrs. Margaret Holzworth, Crocker P. T. A. president; Mrs. Louise Eliasen, Pershing P. T. A. president; Mrs. Marie Snow, Bayshore P. T. A. president; Mrs. Dorothy DeLeon, Colma P. T. A. president; Mrs. Elsie Hesselein, Woodrow Wilson P. T. A. president; Mrs. Myrtle Burke, San Pedro P. T. A. president.

After the meeting, members and guests adjourned to the high school cafeteria where each lady was presented with a corsage. Delicious sandwiches, cookies and tea, made and served by the girls of the home economics class, were enjoyed. The sewing class of the high school presented a fashion show with the girls modeling the many attractive garments they had made during the term. Recipes of the food served at the tea were given to each lady present, prepared by the home economics class.

After the tea Mrs. Jensen installed the officers of the three units.

The Jefferson Union High School P. T. A. executive board will meet, Thursday, June 1, to ratify chairmen for the new term.

KID SALVAGE

Back On Rationing For Pickled Fruits

Pickled, spiced and brandied fruits will be returned to the list of rationed processed foods at the beginning of the July ration period instead of the June period, as was first announced, the Office of Price Administration said today.

They were removed from rationing, last December, to enable the trade to dispose of stocks on hand when rationing started. This has been accomplished by most dealers but it was thought wise to give the trade a final notice of the plan to reinstate these items so that any remaining scattered stocks could be moved out before July 1.

Pickled, spiced and brandied fruits normally require a sizable quantity of raw material and it is inconsistent with good rationing, OPA said, to give such specially packed fruits a different point value from the one used for the other style packs of the same items.

The working season starts in May and ordinarily ends in late September. In many instances camps are operated to coincide with school vacation periods. Crewmen are paid $146 per month and crew leaders, $164 per month.

Mrs. Arthur Scott Extends Thanks

Mrs. Arthur L. Scott, chairman of the Women's division of the Red Cross War Fund extends appreciation, through the courtesy of the Daly City Record, to more than one thousand volunteers who gave so generously of their time during the current drive by the following letter:

Dear Friends:

As it is impossible to write a letter to each individual worker who volunteered her time so willingly during the War Fund, I wish to express my sincere appreciation to each and every one of you for your hard work cheerfully executed on behalf of the Red Cross. Please feel that your efforts are paying dividends in services to our men both overseas and at home and to their families.

Sincerely,
Helen H. Scott.

Studebaker Prepares Peace-Time Program

"When at peace, prepare for war" runs the old saw; but officials of the Studebaker Pacific corporation at Los Angeles, looking ahead to sure victory, are reversing the proverb. They concede that the war's still very much on, and they're stepping up production of bomber motors, yet definitely planning for the reconversion to automobiles which (they hope) may soon be necessary.

This was seen anew when Vice-President Stanley Whitworth, production chief of the West Coast factory, left, May 4, for a trip to Seattle, Chicago and South Bend, Indiana.

At Seattle, where he went first, Whitworth planned to confer with officials of the great Boeing plant, maker of Flying Fortresses powered with motors built by Studebaker. The Studebaker production head expects to get a first-hand picture of Boeing bomber needs from the plane executives, especially their postwar requirements.

Going on to South Bend, home town of Studebaker's parent plant, Vice-President Whitworth will confer with President Paul G. Hoffman and other top-flight executives regarding automobile production plans. He will discuss the needs of the Pacific west for Studebaker automobiles and trucks and the possibility of swinging immediately into some sort of production the moment Germany is knocked out of the war.

The youngest mother present, last Sunday, was Mrs. Charles Kling, and the oldest was Mrs. Minnie Law. Both were given special recognition.

YOU ARE URGENTLY NEEDED NOW

Men 25 to 65 are urgently needed to help guard our waterfront. Here is the opportunity you have been looking for to get into active service. Telephone EXbrook 4213, Extension 7, today, now, and get full information on how you can serve in the Coast Guard and still live at home and keep your regular job.

LEST WE FORGET

We are in the sixth month of the third year of this war—and it is therefore understandable that some of us on the home front, far from the bloodshed and agony, should grow restive at times, and delude ourselves into thinking that the worst is over. It is understandable, but it is far from commendable, and we certainly can't afford to indulge in such shortsighted complacency.

Lest we forget, Dr. Louis I. Dublin, veteran statistician of the Metropolitan Life Insurance company, reports that American battle casualties in World War II already have exceeded the casualties of World War I. Latest announcement from the War and Navy departments show nearly 45,000 are known dead in this war—and this figure, Dr. Dublin warns, will rise when deaths among the 72,000 wounded and 42,000 missing are added. In the first World War, about 53,000 of our men lost their lives in action or died of wounds. But in this war the fighting has hardly begun.

Declares Mr. Dublin.

"The grim fact that even before we have really come to grips with our chief enemies our losses have already exceeded those of 1917 and 1918 is a stern reminder to the American people that the war is still far from won."

That doesn't make pleasant reading. But if we heed the warning, it may save the lives of a great many American boys who will die needlessly if we get careless or restive and fail to give them all-out support. We still have a war to win!

Blood Bank To Celebrate Anniversary

The San Mateo County Blood Bank, which has become an outstanding institution of value to both the war effort and to civilian needs since it began its operation in May, 1942, will celebrate its second anniversary, May 23.

Arrangements have been completed for an informal dinner to be held on that date at the Hotel Benjamin Franklin, San Mateo, to celebrate the anniversary.

Volunteers who have served fifty hours or more since the beginning of the Blood Bank will be honored at the dinner and awarded certificates of service. Invitations have also gone out to city and county officials, officers of the San Mateo County Medical society, labor representatives, members of the press, representatives of the war councils and trustees of the Blood Bank of which Carl L. Hoag, M. D., is president.

The committee in charge of arrangements consists of George McQueen, U. S. Simonds jr., Mrs. George Bruns, and Mrs. P. W. Brubaker. According to McQueen an excellent program has been arranged for the affair. Included on the program will be a representative from Oak Knoll Naval hospital and other prominent medical men.

Current Daly City Theatre Attraction

There is great power in radium. Yet the power of romance and love cannot be overshadowed by science. And to prove this point is the distinguished team of "Mrs. Miniver," namely Greer Garson and Walter Pidgeon. Miss Garson plays the role of a Polish peasant whose interest in radium brings her in contact with Pidgeon, portraying the great scientist, Pierre Curie. How they love and live to conquer all obstacles in their search for radium is an achievement "Madame Curie" brings to the screen of the Daly City theatre.

NEW BABY

Daly City friends of **Mr. and Mrs. George J. Stone,** now at Tacoma, Washington, have received announcements of the birth of a daughter, Claire Ethel Stone, to the couple. The baby arrived, April 28. Mrs. Stone is the former Miss Eleanor Price, daughter of Mr. and Mrs. John Price, 211 F street, Colma. Stone is in the U. S. Navy.

Our fighting men are doing their share. Here at home the least we can do is put 10% of our income in War Bonds for our share in America.

Pacific Greyhound Presents Question

"Can You Picture Daly City Without Schools?" asks Pacific Greyhound lines in their current advertisement in this newspaper, and they continue with a tribute to the educational set-up of our community — teachers, school boards and school executives.

Greyhound points out the vital importance of our educational facilities and draws a parallel to bus transportation which is also important to our progress and which is used extensively by the schools themselves.

"Shakespeare wrote of the 'school boy with shining morning face, creeping like a snail unwillingly to school,'" quoted F. W. Ackerman, vice-president of Pacific Greyhound lines, "but the modern student traveling swiftly to school by motor bus hardly fits that picture."

The bus executive, in stating that Greyhound is making extensive plans for finer and better bus service after the war, pointed out that Greyhound does not want the public to forget the peacetime pleasures of highway travel, and for that reason they have continued their newspaper advertising during the war. Instead of promoting travel, however, their advertising has been directed to helping the armed forces in their recruiting campaigns and to feature vital elements in community life, such as this advertisement on schools.

The Greyhound school advertisement is another of this series and many readers of this newspaper will remember the question asked in the preceding Greyhound message, "Can You Picture Daly City Without Newspapers?"

BY Edwin Seaver AND T. bin McKown

WHEN Justice Oliver Wendell Holmes died in 1935, after thirty years on the Supreme Court bench, he left his entire fortune of $250,000 to the United States Government. Rich people called it a foolish gesture—what good would that little bit do the government? But the plain people liked it and said so. The Justice was giving his money back where he got it.

CATHERINE DRINKER BOWEN

The story of Justice Holmes—and also of his famous father and grandfather—is depicted in "Yankee From Olympus," a biography by Catherine Drinker Bowen, the Book-of-the-Month Club selection for May. "Never," writes Dr. Henry Seidel Canby, in the Book-of-the-Month Club News, "were three generations of men so sharply characteristic of their times, yet so intensely individual and so utterly different from one another."

Reverend Abiel Holmes, the grandfather, was Minister of the First Parish in Cambridge, author, among other historical and poetic works, of "American Annals—A History of America," which was published in America and England and received everywhere with acclaim.

Oliver Wendell was the exact opposite of his puritanical father, reacting with wisecracks to the most serious of matters, the author of "The Autocrat of the Breakfast Table" and the premier wit in the Anglo-Saxon world of his time. Yet professionally, as Mrs. Bowen portrays him, he was as serious and devoted in his medical career as his father had been in his pastorate.

But mostly this book focuses on Mr. Justice Holmes. It is an extraordinary story of a handsome youth, favored of the gods, first hardened by his experience of the Civil War, then back to Boston to years of legal study, so intense that he almost forgot to ask the girl he loved to marry him. In the Supreme Court he soon became known as "The Great Dissenter," a title he held and earned to the end of his days. At his death, he was recognized as one of the great champions in our time of liberty, freedom, and the rights of the common man.

* * *

Oliver Wendell Holmes, Senior, is still famous for his aphorisms, but two which he passed on to his son proved inaccurate. He wanted young Wendell to be a doctor and was grieved when he began his legal studies. "No great man can be a lawyer," he said, and "If you can eat sawdust without butter, young man, you will be a success in your time."

* * *

Catherine Drinker Bowen's husband, a Medical Naval officer, was at Pearl Harbor when the bombs fell. "Kitty" wrote him that she thought she ought to give up her book and do war work. He wrote back that she must not, on any account. The book, he said, was her job. "Yankee From Olympus" is dedicated to him.

Native Daughters Present Storm Flag

Saturday afternoon, May 13, El Carmelo Parlor No. 181, Native Daughters of the Golden West, presented a storm flag to the officers and men of the Sixth AAF Radio Squadron mobile unit at Camp Daly City. Mrs. Hattie Kelly, Mrs. Christine Hulme, and Mrs. Dorothy Donofrio represented the parlor at this formal presentation.

Excerpts from the presentation speech made by Grand Outside Sentinel Mrs. Donofrio follow:

"Every Native Daughter of the Golden West is proud of the heritage which is hers. She glories in recalling the beautiful traditions in the past history of the State of California and admires the dauntless courage of the pioneer men and women who made this paradise a reality.

"But the love of a Native Daughter for her state is secondary to her devotion to the flag of the U. S. of America and everything it represents.

"Those who are assembled here this afternoon have a true love for the American flag and recognize the same as the most beautiful emblem which has ever been flung to the breeze for it typifies and stands for those things for which every man or woman who cherishes freedom would cheerfully die.

"A place on your program this afternoon is something that affords this committee real pleasure. We have been instructed by El Carmelo Parlor, N. D. G. W. Daly City, to present this storm flag.

"The gift of the Stars and Stripes, the most beautiful flag that has ever given cheer to the patriots of any land, is the best evidence that we think the greatness of this nation depends on the allegiance and the patriotism of its citizens."

Can You Picture DALY CITY *Without Schools?*

OF COURSE NOT. This city, or any community, could not exist long without schools. Education is the birthright of every American, and our public schools are part of the very foundation of democracy.

The teachers of this community are devoting their lives to the work of education. These instructors, the school administrators and the local, county and state school boards deserve much of the credit for the ability of our young men and women to face the world and carve out successful careers. Our public school system is the finest in the world. It is one of the things that we are fighting today to maintain.

Highway transportation is also one of the vital factors in American progress. It makes our nation one great community. You could as well picture this city without schools as without automobiles, trucks and buses. Many schools, of course, depend to a large extent on buses for transportation of students.

Greyhound is part of this community and its progress. We are helping to maintain its essential wartime connections with other communities throughout the nation. And we are looking ahead to peace when we can again set new high standards of highway transportation.

news. Our music comes from Tokyo—they play the latest American songs. At the end of the program they usually start the propaganda.

"I can remember when I used to read about the countries I have been to. I then thought it would be something to see how the other people of the world lived—and now that I have seen it I often wonder how these people do live! If only those at home could see how these people live they would realize how fortunate they are to have a country and a people like ours."

Lieutenant **Frank Pate,** 47 Eastlake avenue, a graduate of Jefferson Union high school, is now in Italy with a fighter squadron. He pilots a P-38 Lightning.

"Things are pretty dull—other than flying," he stated. "I can't even spend my money, which I've always been able to do heretofore."

Tommy Beeson, former student at Jefferson Union high school and member of the Indians of Rhythm, has completed boot camp training at Farragut, Idaho, and is now home on leave until May 24. His parents are Mr. and Mrs. Tom Beeson, 5392 Mission street, former Daly City residents.

When Beeson entered the Navy he took his trumpet along and now he is being assigned to prepare for entering the Navy band. He will probably go to Washington, D. C., to study at the Conservatory of Music.

Vincent F. Cotter, son of Mr. and Mrs. Frank Cotter, 707 Bellevue avenue, and a graduate of Jefferson Union high school, has been assigned to the San Francisco Port of Embarkation for duty with the U. S. Army Marine Ship Repair company. He first was sent to the Presidio of Monterey for processing and assignment.

Cotter's assignment to the San Francisco area came at the request of the Port Classification officers who pointed out that experienced shipfitters were badly needed here.

A Summer Frosting Recipe

By Frances Lee Barton

HAVE you ever heard "This would be wonderful if it had a good frosting." If not, there can't be a man or a teen-age child in your home. A frosting like the one below, is to a cake what cream is to breakfast cereal — an absolute "must."

"Baked On" Frosting

1 egg white; dash of salt; ½ cup brown sugar, firmly packed; ¼ teaspoon double-acting baking powder.

Place egg white in bowl, add salt, and beat with rotary egg beater until foamy throughout. Mix together brown sugar and baking powder and add gradually to egg white, beating constantly. Continue beating until mixture is stiff enough to hold up in moist peaks. Spread on top of cake batter before baking; then bake cake as directed. Makes enough frosting to cover top of 10 x 10 x 2-inch cake.

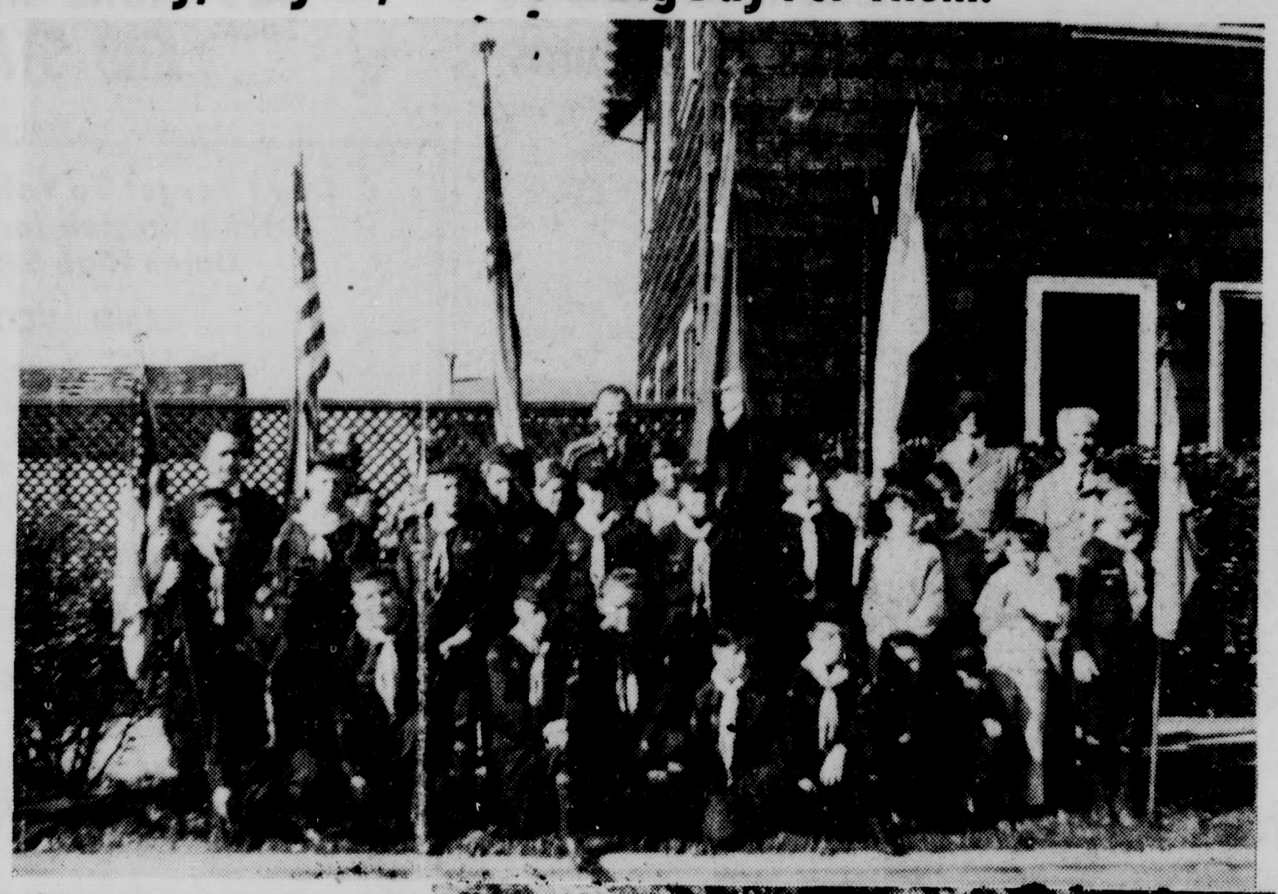
Saturday, May 20, Will Be A Big Day For Them!



Above is Cub Pack No. 141 and it would be extreme understatement to say that the biggest project in their minds just now is Saturday's Pack-A-Ree at Marchbank park. They are anticipating an excellent turnout of Daly City children and adults for the event, highlight of their entire year. From 10 a. m. to 4 p. m. the Cub Pack will be host and the program will feature a gold rush and a Cub-of-the-Day contest. Games and eats will be plentiful, naturally. A Chinese Cub Pack from San Francisco will be guests of honor.

With the Cubs in the top picture are Neil Edwards, committeeman; Ray Hatch, Scout executive from San Francisco, Chaplain D. C. McKisson, and Cubmaster Joseph Straughan.

In the second picture are Den Chiefs Alfred Christensen, Robert Sayko, and Ray Lagomarsino, shown on one of the group's innumerable hikes.

In the Cub-of-the-Day contest, George Ritter is leading.

Funds from the May 20 Pack-A-Ree will go to help the boys rebuild their cabin at Camp Boy Joy, whose location is a Scout (if not a military) secret. The pack thanks the residents of Daly City for their cooperation in this event.

Boy Scout Rally Proves Successful

Committee in charge of arrangements for the Thursday night, May 11, Boy Scout rally at Jefferson Union high school auditorium reports that the session was highly successful and should pave the way for a more comprehensive program of Scouting and welfare youth work in Daly City and Colma.

Movies shown at the program portrayed the Scouting movement from the 9-year-old Cubs through the senior groups. LeRoy Bond, from San Francisco Area headquarters, gave an interesting talk on the need for Scout leaders and told why previous experience is not necessary for those wishing to become Scoutmasters or Den Mothers. Principal James Ferguson of Jefferson Union high school discussed the effect on adults of Scout training in youth.

Commissioner Tom Tallon presided. After the meeting, names were accepted from those who were willing to help further the movement in Daly City and Colma. Anyone else who would like to help may secure information or sign up with R. E. Bennett, 28 Hillcrest drive.

Legion Auxiliary Plans Poppy Sale

Daly City Unit No. 410, American Legion auxiliary, is completing plans for its annual Poppy sales to be held in Daly City, May 26 and 27, under the chairmanship of Mrs. Margaret Kenny.

The idea of the poppy as a memorial flower of the World War dead sprang up as naturally as the little wild flower itself grows in the fields of France and Flanders, the auxiliary pointed out. The sale of these paper replicas of the poppies of Flanders, made by the veterans themselves, benefits the veterans of both World Wars and their families.

Daly City unit asks public cooperation for the "Poppy Days."

Several members of the local unit attended the district meeting at Belmont, Friday, May 12, Mrs. Kathleen Matzek, Mrs. Vivian Pahlka, Mrs. Ann Welsh, and Mrs. Mary Crane. Sunday, May 14, Mr. and Mrs. John Matzek and Mr. and Mrs. Emil Pahlka, representing the local post and auxiliary, attended the Hospital Day program at Veterans hospital, Palo Alto.

The **deYoung museum,** Golden Gate park, is now holding the first formal exhibition outside of Mexico of the art of Jose Garcia Narezo. It was in Mexico City last December that the paintings of the twenty-one year old artist received their initial showing. The exhibit now on view in San Francisco is an extremely comprehensive one: 120 works include oils, watercolors and gouaches, drawings and montages which cover a period of eight years, from 1936 to 1944, thereby tracing the changes in the development of this prolific and highly imaginative young painter.

"White men leave and natives die" during the rainy season, according to natives. Above is a typical Guadalcanal scene during the rainy season. One Marine reports that every time he crawls into his "sack" (bed) he gets seasick.

CAN

ALL *you can - at home!*

From now and on through the bountiful fruit and berry season is a good time to practice the thrifty old Yankee custom of putting up food for the winter months. Can, all you can, at home. There will be ample sugar allotment for your jams and jellies and preserves. Some berries can be put up in natural juices without sugar. Or you can stretch your sugar allowance by the use of honey for sweetening.

If you plan to put up vegetables, remember the only safe canning method is with a pressure cooker. Do not use the boiling water bath methods for any vegetables, except tomatoes. When you can, do it right. Buy fresh, firm fruits and berries. Cook them right, seal them tight!

Have your Pressure Cooker tested before the canning season. Ask about this wartime service at your local P. G. and E. office. No charge, no obligation.

Julia says:
Let's enjoy fresh spring vegetables

NOW THAT fresh vegetables are coming on the market in good quantity again, it's a good time to explore some of the possibilities of using them in fresh and lively ways.

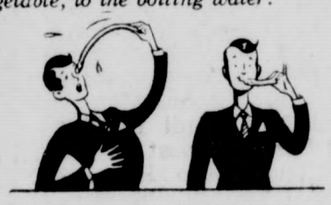
First, though, here are some general suggestions that are worthy of a second glance:

Rinse freshly-bought vegetables in cold water (don't soak them); wrap in damp cloth or replace in paper bag or put in vegetable compartment; and store in refrigerator.

If they must be peeled, don't peel them till the last minute.

Cook them quickly in the least possible amount of water (exceptions are spinach and strong-flavored vegetables like cabbage, which are best cooked in plenty of water, uncovered).

To hold the bright color in red cabbage and beets, add ½-tsp. vinegar or lemon juice for each cup of shredded vegetable, to the boiling water.



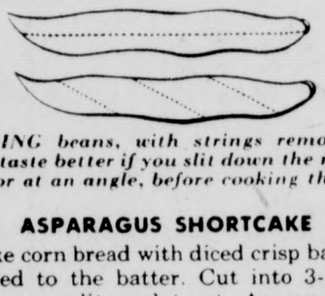
IT'S ALL right to eat stubby, firm asparagus right from your fingers! But if it's long and droopy, better use a fork and cut it on the plate!

CALICO VEGETABLE HASH

Combine 1 cup each of diced cooked turnips, carrots, beets and potatoes; moisten with 4 tbsps. meat stock or water enriched with a beef cube. Melt 3 tbsps. shortening in hot frying pan; spread the vegetables evenly over the pan's surface and cover. Reduce heat and cook slowly 15 to 20 minutes or until brown crust is formed. Loosen hash from pan, fold in half, turn out on hot platter and serve. Serves 6.

SPINACH PANCAKES

Drain and chop 2 cups cooked spinach very fine and add 1 cup dry bread crumbs, 1 tsp. salt, ⅛ tsp. pepper and 4 eggs slightly beaten. Drop by tablespoonfuls into a hot greased frying pan and fry until brown, turning once. Serve with highly seasoned tomato sauce. Serves 6.



STRING beans, with strings removed, will taste better if you slit down the middle or at an angle, before cooking them!

ASPARAGUS SHORTCAKE

Bake corn bread with diced crisp bacon added to the batter. Cut into 3-inch squares, split, and toast. Arrange asparagus stalks between layers of shortcake. Serve with cheese sauce garnished with finely sieved hard-cooked egg yolks.

Speaking of vegetables, don't forget that this week's issue of *The Family Circle Magazine* has the second in my series of up-to-the-minute articles on home canning. This one discusses strawberries, asparagus and rhubarb. Get your free copy at Safeway!

For every pound of fat a housewife turns in to her meat dealer or other fat salvager, she receives two meat points and 4c a pound.

Some Vegetables Point-Free

Tomatoes, corn, asparagus, beets, leafy greens, spinach, blackeye peas, and garbanzo beans have been added to the point-free list of processed foods through June 30, the Office of Price Administration has announced. Points have been reduced on spaghetti sauce; soups, grape and tomato jams and preserves; apple, grape, mint and plum jellies; bakers' jellies and fruit butters. Points have been increased on cranberries and cranberry sauce; tomato juice in large containers; canned or bottled dry varieties of beans (excluding soy, blackeye and garbanzos); tomato catsup and chili sauce; raspberry and strawberry jams and preserves. Reductions were made to move out last year's stocks before new supplies are available in great volume.

Butter Point Value Reduced

Come for Dessert and Coffee

IF entertaining your friends at dinner seems more than you can undertake these busy days, invite them in for coffee and dessert. This kind of party entails so little work you can easily manage it along with regular duties. Wondering what to serve? Just look at the above photograph of a lovely coffee service and delectable cream puffs. If you don't have a coffee service, arrange filled coffee cups with creamer and sugar bowl on a decorative tray. Bring the coffee and dessert into the living room and place on convenient tables. The cream puffs are filled with a new, and delicious, Coffee Cream.

Here is a dessert idea that is excellent . . . mouth-watering Cream Puffs with Coffee Cream Filling. Both can be made the day before they are used, so that all is in readiness when you need them . . . either for a party or a family dinner. See for yourself what the coffee flavor in the filling does, by following the recipes for Cream Puffs with Coffee Cream Filling. Both have been fully tested, of course.

Surgical Dressings Will Be Demanded

When the big invasion starts, the two most essential items provided by the American Red Cross that must accompany the front line troops are surgical dressings and blood plasma, according to a war communique received by the San Mateo County chapter, Surgical Dressings department recently.

As 90 per cent of all surgical dressings required for servicemen overseas and in the base hospitals here have to be made by women volunteers in the chapters of the American Red Cross, manufacturers not being equipped to provide them, it is vital that more women volunteer their services for this important program. These women who have temporarily given up this work due to emergencies are urged to return as an all out effort must be made so that the San Mateo County chapter may fulfill its monthly quota of 110,000 surgical dressings.

In Daly City the workroom is located at Theatre hall, directly above the Daly City theatre. Mrs. J. G. Morris is in charge of surgical dressings and hours are 10 a. m. to 4 p. m. every Wednesday and Friday.

AT JEFFERSON HIGH

By Verna Moresco

J. N. S.

Thursday, May 11, was a busy day for the members of the Jefferson Naturalist society. Nine members, who had not yet been initiated, were given "the works" that day.

Those serving on the initiation committee were Lenore Ross, Tiny Clement, president of the organization; Gloria Nopper, and Paul Underhill. LeAnna Hilbish, graduating senior, Louise Ross, Harland Kinsey, Franklin Hukari, Esther Hukari, Bill Higgins, Art McDonald, Peter Ramer, and Ben Picetti had to take the punishment dished out by the committee.

Virginia Bhend and Ernestine Minnick were absent, the lucky people!

Smeared with lipstick, feathers in their hair, wearing braids, and carrying lizards, skulls, and butterfly nets, the "victims" walked along the halls singing songs and reciting pcems. During each of their classes they were also "asked" to perform, or else.

The next field trip being planned is to Stinson beach, across the bay.

Then for June 10 the annual party given by the J. N. S. is scheduled. The feature of the evening will be the opportunity for the society to enjoy a good swim in the pool from 7:30 to 9:30, and later refreshments will be served.

PLAY-DAY

Another play-day is being scheduled for Saturday, May 20, at Sequoia Union high school in Redwood City. Twenty girls from Jefferson are planning to attend. A variety of sports will be included for entertainment.

Those passing their beginners' swimming test last week were: Angie Ottonello, Doris Richards, and Maxine Wheat.

UNEXPECTED

Last Tuesday, May 9, the students were expecting to see films in assembly, but it didn't turn out that way. The movie projector refused to work, so president Lenore Ross started off an amateur hour.

First performer was the very popular Barbara Gregor, who played a "boogie woogie" solo on the piano.

Daisy Yonan sang "Oh, What a Beautiful Morning." Janice Taliaferro sang "Poincianna." Pat Marocco sang the vocal on "Daybreak," and oh yes, we mustn't forget, "Frankie" Pettigrew sang "Night and Day."

ASSEMBLY

A film, "War Nutrition," was shown in assembly, last Wednesday. Along with this film another, called "Mexico City," was shown. It was beautifully colored; narrator was screen actor Orson Welles.

WANTED: MAJORETTES

Last week a call was made for four majorettes and Doris Richards, Theresa DeLeon, Shirley Remmer answered the call.

Colleen Robin has been a majorette for the last year.

SOMETHING NEW

Yellbooks, including a picture of the school, are going to be sold next term. Included in the book will be the school constitution, school yells, and school songs.

These will be sold for a minimum price.

CHORUS

After a busy time at San Jose, the program for Easter, and other activities the Jefferson Hi chorus is back to work on the "H. M. S. Pinafore."

DANCE

The "Ching-ling Swing" held in the Jefferson auditorium, May 12, went over very successfully.

The hall was decorated with Chinese lanterns, dragons, and pagodas.

A beautiful yellow fan was used as a background on the stage.

During intermission records were played so that the band members might have a chance to dance.

ADDITIONS

The committee recently appointed were the Cap and Gown and Gift.

On the Cap and Gown committee are: Claudelia Lauretta, M. L. Greenfield, Merrill Miller, Tommy Rentz.

Those on the Gift committee are: Earl Peterson, chairman; George Ciarlo, LaVonne Sackett, Elaine Slocum.

SENIOR BALL

Friday evening, June 2, the annual senior ball will be held in the Jefferson auditorium.

Patrons and patronesses for the affair will be: Mr. and Mrs. James Ferguson, Mr. and Mrs. Claude Hackley, Mr. and Mrs. Adolph Hansen, Mr. and Mrs. Reandeau, Mr. and Mrs. Elman Rose, Miss Ethel Fillmore, Howard Miguel, Clive M. Saiz, and Miss Mary Bergquist.

NEW LIBRARY

Half of the Guidance office at Jeff is being turned into a professional library for teachers.

A selection of 34 different magazines will be part of the reference material.

News From District Grammar Schools

AT JEFFERSON

Children of the eighth grade are now studying and discussing "Famous Documents of American History" as part of their social studies unit called "Citizenship and Democracy." They are also reading and preparing reports on a few of the most famous places and things that this country regards as symbols of American democracy.

The art corner of the seventh grade is filled with some beautiful pictures of stained glass windows colored by the children. These drawings are the outcome of a recent reading lesson, which told about this art.

Few of the children had seen any stained glass windows, except those in the buildings in Cypress Lawn cemetery. They were thrilled with the idea of making and coloring a design for a stained glass window.

Last Tuesday a swarm of bees moving through the school yard brought about a study of honey bees. This in turn led to an outline of safety precautions to be observed in periods of excitement. The class was tremendously interested in knowing why bees swarmed, the importance of the queen bee and characteristics of bee behavior.

The second and third grade unit of flowers and seeds came to a satisfying finish. With the zinnias and string beans sprouting lustily the children felt completely satisfied. They started happily on their new unit called "Insects and Spiders." The children showed their enthusiasm by bringing in bees, beetles, sow bugs and lady bugs. They have made a plan as to what they would like to know about insects and spiders.

AT CROCKER

At the Santa Fe depot in San Francisco, last Friday night, Kenneth Ross, Room 2, welcomed his mother who returned from Los Angeles.

Correlating with their study of seashore life, the pupils of Room 3 spent an enjoyable hour drawing still-life pictures. Two shells were set up as models, and the resulting sketches were excellent.

Room 4 presented a program about the Middle Ages, last week. Each pupil gave a talk and showed his illustration relating to this early period of history.

Several members of Room 6 acted out a play, "The Magic Mask," in connection with their reading assignment.

Those who took part were Evelyn Blandini, Florence Nordgren, Marie Smollen, John Murzi, Richard Hipom, and Arthur Wordley.

Heart Committee Offers Free Folders

Three free folders are being offered by the Heart committee of the San Mateo County Tuberculosis and Health association. They include "Your Child's Heart," "What is heart disease?" and "Building a Life for Heart Disease and You." They may be secured at the office of the association at 115 Ellsworth avenue (across the street from the Civic center) in San Mateo, or by sending a postal card requesting same.

"Madame Curie" Now At Daly City

A great romance, little known to the outside world, was a motivating factor behind the great scientific discovery of radium, the miracle element so precious to mankind. Greer Garson and Walter Pidgeon bring it to life in Metro-Goldwyn-Mayer's superb filmization of Eve Curie's best-selling biography of her mother, "Madame Curie," now playing at the Daly City theatre.

When a poor but brilliant Polish student, Marie Sklodovska, faints from hunger in the classroom of Professor Albert Basserman, who arranges for her to do some experimental work in the laboratory of Pierre Curie, a professor of physics at the university. In spite of himself, Pierre falls in love with the beautiful and brilliant girl and persuades her to marry him to insure their "future collaboration." Marie, fascinated by a strange phenomenon noticed by a fellow professor, sets out to discover the secret.

Soon Pierre joins her in the work although the University refuses them aid in their project. Stubbornly they persist with their experiments, working in an old shed for four long years, driven by Marie's stubborn determination to find the precious radium. At last they are successful and all their dreams are about to be fulfilled when disaster overtakes them. For on the day their new and fine laboratory is to be dedicated Pierre is killed in a street accident. The grief-stricken Marie resolves to carry on their work alone, going on to even greater triumphs in the realm of science.

Greer Garson reaches the zenith of her phenomenal career with her portrayal of the great scientist. Never does one forget Marie Curie was a loving wife and devoted mother and her physical resemblance to Madame Curie is startling. As the great scientist and beloved husband, Walter Pidgeon gives to his role dignity and restraint. His portrayal of Pierre Curie is warm and human and will be remembered as one of the greatest film performances of all time. Dame May Whitty and Henry Travers are cast as Dr. and Mrs. Curie, parents of Pierre.

Distributors Need Milk Bottles Now

Market milk distributors in California are confronted with a serious problem in the distribution of market milk.

Milk bottles, the only practical containers used for delivery of milk to stores and homes, can not easily be replaced as materials used in their manufacture, handling, and transportation are classified as "critical materials," and their use has been severely curtailed.

In the interest of the successful prosecution of the war each grocery store, restaurant, a n d housewife should make every effort to promptly return all bottles to their milkman or retailer, it was pointed out.

It may be well for everyone to look in garages, tool sheds, storerooms, or other places where bottles are apt to be stored, so that any stray or lost bottles may be recovered for your distributor. Unless all bottles are put back into circulation, it may not be possible for your milk distributor to deliver milk to your home.

Milk bottles, even though cash deposits are placed on them, are still the property of the market milk distributor, and are an important item in determining the delivery price of the milk. The more bottles that can be returned to the distributor, the more available bottles he will have to deliver his milk.

In the interests of economy, good business practice, and the war effort, your cooperation in returning to your grocer or milkman every milk bottle you may find will be appreciated by the dairy industry.

GIVE MUSSELS THE COLD SHOULDER!

A mussel quarantine order has been established by the California State Department of Public Health which is now effective in San Mateo county. Violators of this order will be apprehended and prosecuted under the law.

The quarantine is established of all mussels from the ocean shore of California extending from the California-Oregon boundary south to the California-Mexico boundary, including the Bay of San Francisco, prohibiting the taking, sale or offering for sale, of mussels in or from this designated area, except that permission is granted to take mussels for use as fish bait, provided such mussels shall be rendered unfit for food purposes by processing with salt and provided further that the containers in which these processed mussels are placed, shall be adequately labeled in boldfaced Gothic type letters at least one-half inch in height, as follows: "For Fish Bait Only—Unfit for Human Consumption."

All health officers and food inspectors are hereby instructed to enforce the provisions of this quarantine order which shall be effective from May 1 to October 31, 1944. It is established for the preservation of the public health and is in addition to those regulations establishing permanent quarantines on shell fish because of sewage pollution.

"I wish I could do MORE to win the War..."

But—have you taken the first step in War Service? Are you keeping *yourself* physically fit?

Why is that important? Two simple reasons: First, you can't render all-out service if you are feeling all-in. Second, by getting well, *keeping* well, you relieve overburdened physicians for pressing community service.

Better go to a Physician now, while yours is a one-call case. Delay may prove dangerous for you, burdensome for him. And—may we suggest—bring prescriptions here for careful compounding and courteous service.
